## Objectives of the club

- the physical and mental training of its members by cultivating canoeing as the main concern and associated indoor and outdoor sports. This happens both in the field of recreational sports and in the field of competitive sports.
- the promotion of paddling across all ages and boat types.
- the acquisition and maintenance of sports equipment and associated materials for use by club members with previously stated goals
- the promotion of a sport compatible with nature, since sport is mainly exercised in nature and on public waters, a careful handling of the environment should be aspired
- the conservation of nature and waters as well as the free access to nature and waters under the premise of §2 lit. 4 without violating other rights
- the promotion of sports education in leisure and/or competitive sports for members with a view to winning them as supervisors for the club

## School and Kid/Junior Sports 2022

In 2022, starting in April and finally at the end of the school year before the summer holidays, we offered two indoor taster days in a total of 4 classes from two elementary schools (Klagenfurt-Hörtendorf and Hermagor-Fritzendorf), during which canoeing was brought closer to the children. Subsequently, we were with the children of Hörtendorf am Lendkanal with the access to the water at the sports union office and with the children of the Fritzendorfer school in the city lido at the Presseggersee. Some of the children were occupied with kayaks, another part with canoeing. Through playful activities and exchange of the different kayaks, some children were interested in participating in club evenings or in the Wörthersee children's training.

In autumn, training continued at Lendkanal-Wörthersee until November.

Thanks are due for our school sports activities to the various sponsors Austrian Canoe Federation, Carinthian Canoe Association, SPORTUNION Carinthia, Ministry of Sport with Ministry of Education (f.e. "Days of School Sports 2022"), Carinthian sports coordination in financial terms as well as the owner of the infrastructure places Sportunion Carinthia, municipality Hermagor as well as the lido "Presseggen" (Max Edlinger) for the use of the respective infrastructure.
